

Towards an improvement in diagnostics and treatment strategies for tuberculosis control

ADVANCE-TB is a research network that offers opportunities for collaboration between clinicians, academic researchers from interdisciplinary backgrounds, industry and non-governmental organizations with the aim of advancing tuberculosis research.

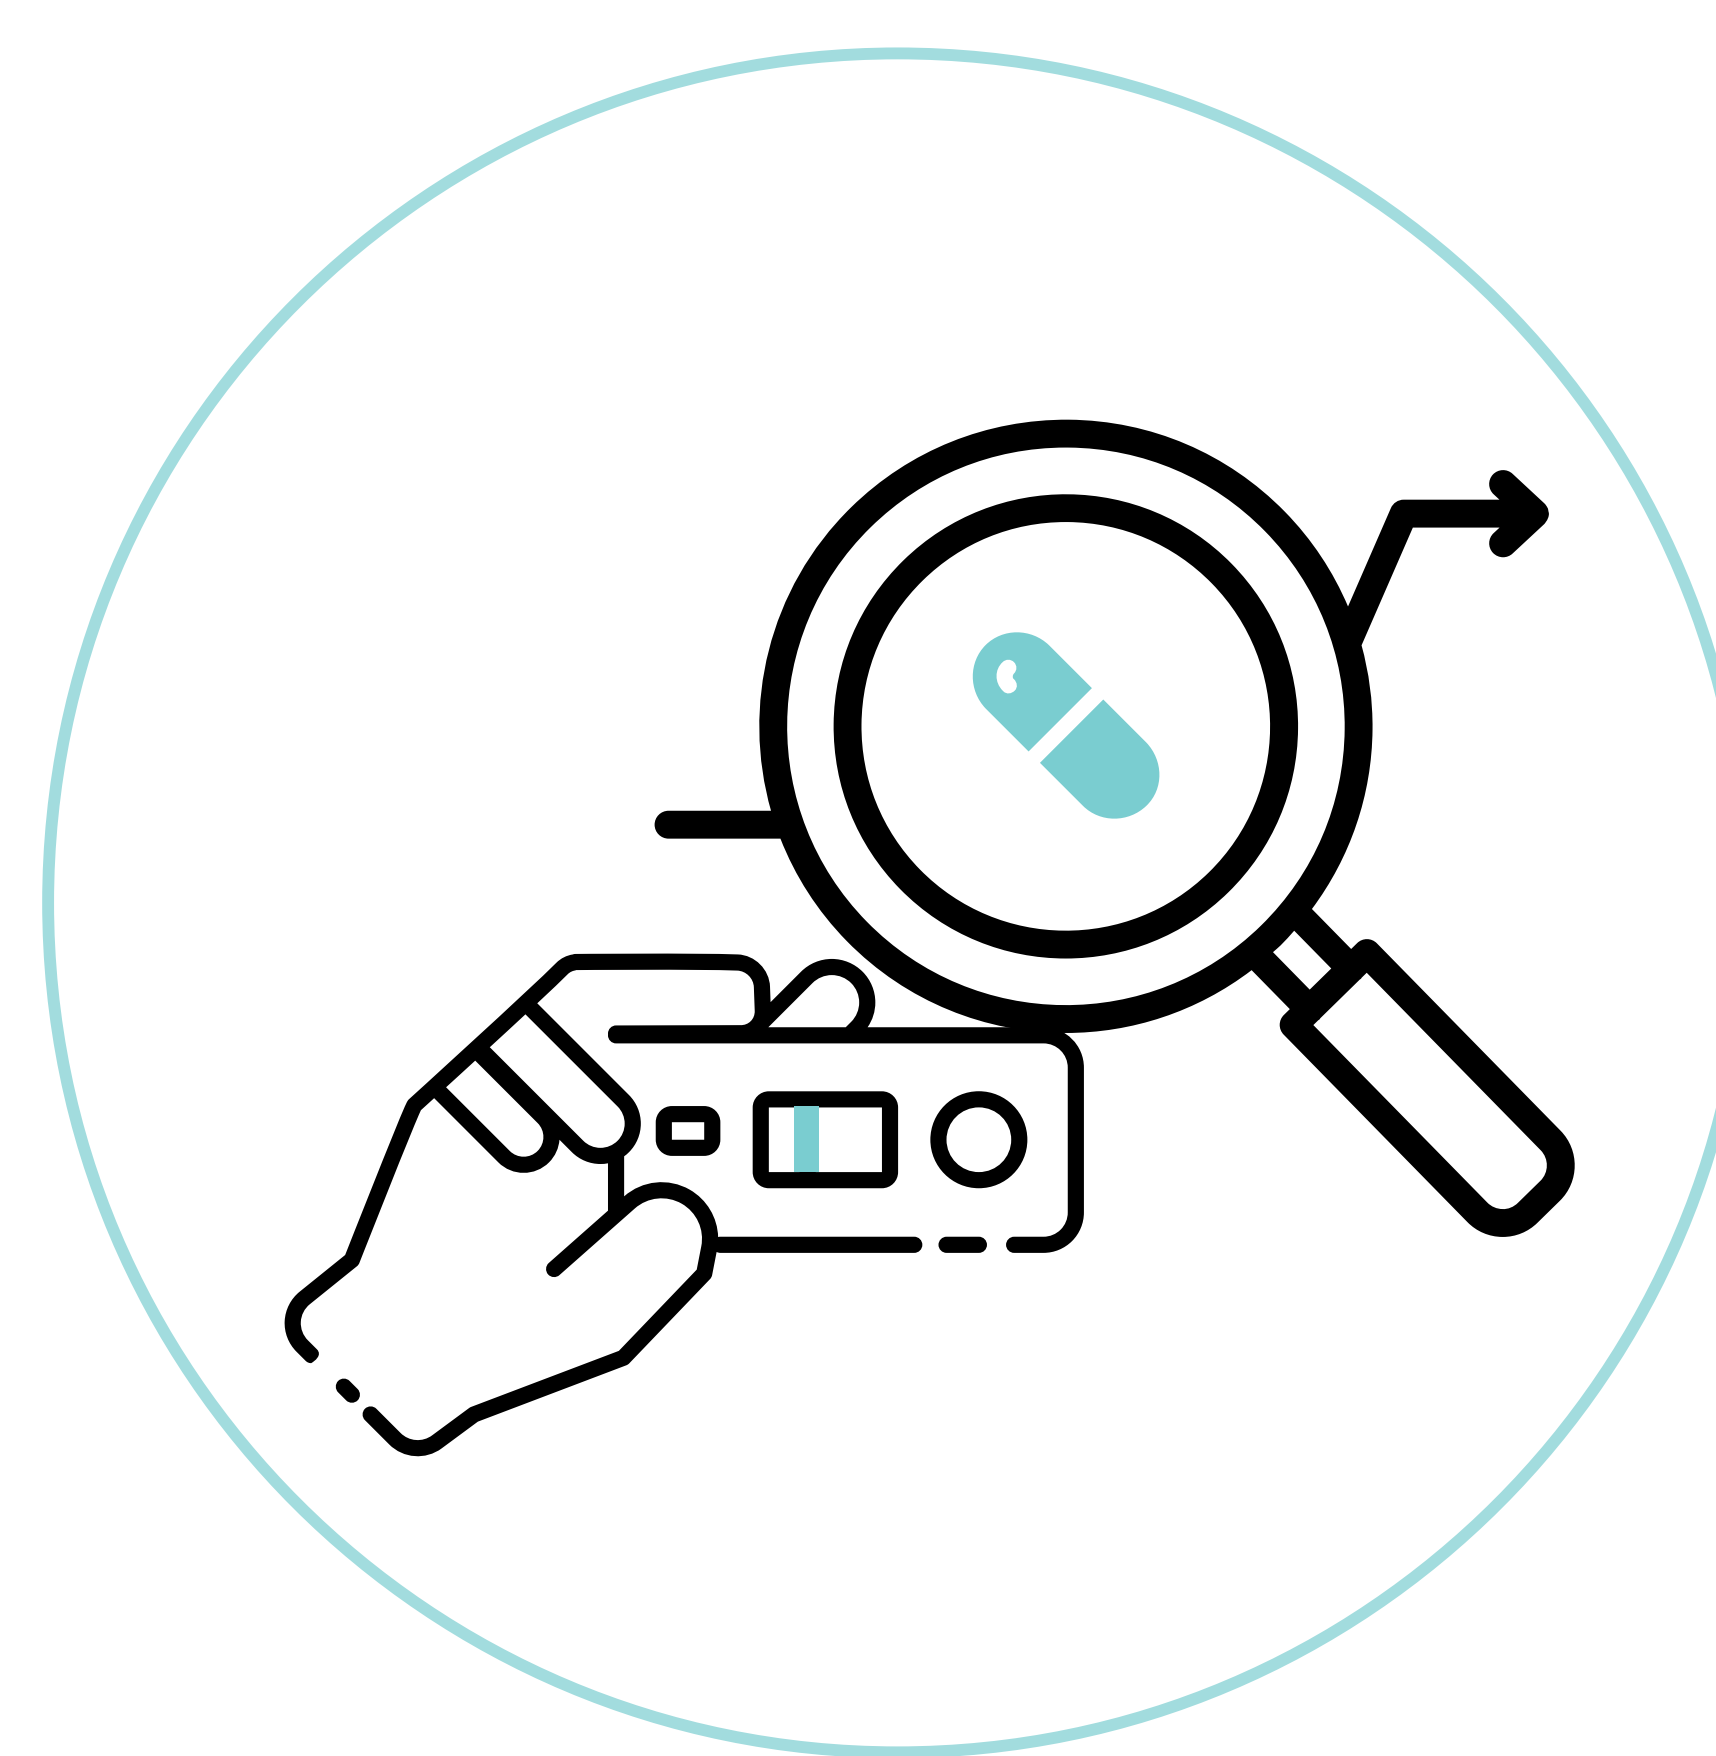

The Action focuses on:

Developing best clinical practices & experimental standardization protocols.

Disseminating knowledge & allowing capacity-building.

Stimulating the development & optimization of products for diagnostic, treatment, & monitoring purposes.

EUROPEAN COOPERATION
IN SCIENCE & TECHNOLOGY

**Funded by
the European Union**

This flyer is based upon work from COST Action ADVANCE-TB, CA21164, supported by COST (European Cooperation in Science and Technology). COST (European Cooperation in Science and Technology) is a funding agency for research and innovation networks. Our Actions help connect research initiatives across Europe and enable scientists to grow their ideas by sharing them with their peers. This boosts their research, career and innovation. www.cost.eu
